SCIENCE CLUB

Club – Heritage club

“They say a person without the knowledge of their past, origin and culture is like a tree with no roots.”

Aim - The club is to motivate the students and the public in preserving the rich cultural heritage of our region. Enable students to learn through activities. Share their knowledge through interactive sessions on Indian history and culture. To become lively interactions devoted to learning about interrogating and reflecting upon our society. Creating awareness and a sense of belonging among students.
