Dear parents,

We hope the children enjoyed their first spell in school as much as we enjoyed getting to know them. The school is a second home. Hope our children have started feeling like home in school by now.

Summer vacations are just round the corner. To keep our little ones indoor in the sweltering heat and to utilize their time with constructive and creative activities. We are sending a few assignments that would help the children to get a grasp of the work done in the school.

Some fun filled activities can be done at home under your guidance.

Submit the given homework in a folder clearly mentioning the name, class and section of the child. It would be appreciated if the students themselves decorate the folders with their tiny hands.

Some guidelines for enhancing the overall personality of your child.

- * Holiday homework should be done under parental guidance and not by the parents.
- * The child should have a fixed time daily for doing assignments.
- * Before coloring, guide him / her to color in the same direction and within the image.
- * 'Reading book is fun'. Inculcate the habit of reading in your child.
- * Nurture your child's interest – be it art, music, dance or anything else.
- * Let him/her pursue a hobby of his /her own choice.
- * Please train your child to become independent in his/her daily chores.
- * Be polite while speaking and talk softly.
- * Inculcate proper toilet habits.
- * Remember to converse in English throughout.

Good manners and good habits are lifelong assets and they should be practiced until they become habit. Revise the four magical words: PLEASE, SORRY, THANK YOU and EXCUSE ME which we have learned as the part of basic good manners .Make these four magical words a habit and see the difference.
