HOLIDAYS HOMEWORK

CLASS – IV

Dear children,

We all know that holidays bring delight to you because they provide recreations and rest. All of you eagerly wait for holidays. So, holidays are very important. Then let's make these holidays special with lots of freedom and imagination.

Studies are important for us to gain knowledge, and sports are important to keep active, healthy and learn various personality traits such as leadership, team spirit, responsibility and many more. So firstly, get up early, spend time with your family, learn good moral values from them, go out and explore new things and relate them with your studies.

We are giving you variety of activities to keep you active and fruitfully engaged during your summer- break. Do the work neatly and submit your work after vacations to your teachers.

Have a nice time and enjoy your holidays.

ENGLISH

NOTE :- Do the work on Notepad Sheets.

1. Revise the syllabus done in the class along with the written practice of it.
2. Read the newspaper regularly during your holidays. You may utilize the free time for this activity when you are at home :

Cut five pictures from old newspapers. Paste them on a chart paper once a week and give a suitable caption to each picture.

3. Frame sentences from the given words:-

- a). EXPLORE
- b). ENJOYABLE

- c). SUBMIT
- d). UNDERSTAND
- e). UNIQUE

4. Write an informal letter to your grandparents inviting them to come at your place during summer vacations.
5. Using your creativity make a beautiful card on the topic “ MY PARENTS MY WORLD...”
Draw and write few lines on this.

SOCIAL STUDIES

NOTE:- Do the work on Notepad Sheets

1. Revise the lessons done in the class for Unit Test on 23.07.2018.
 - a). Written practice of the questions of the following chapters :-
 - L-1 (T-1) The World We Live In
 - L-2 (T-2) Water Resources And Irrigation
 - b). Practice the Map Work of:-
 - Continents and Oceans
 - Dams (Bhakra dam, Nagarjunasagar, Rihand, Hirakund and Gandhisagar Dam)And paste them on your sheets.
2. Visit any HISTORICAL MONUMENT. Collect pictures and write few lines on it.
3. Collect pictures from newspapers, magazines and using your creativity make a beautiful collage on the Uses of Water.

SCIENCE

1)THE FRUITY FUN!

Growing children need all components of food in their diet and must plan a balanced meal at all meal times. Make fruits an important part of your diet. It's important to eat seasonal fruits as they ripen in a more natural way and would have more nutritive value. By eating seasonally you also get more varieties in your diet.

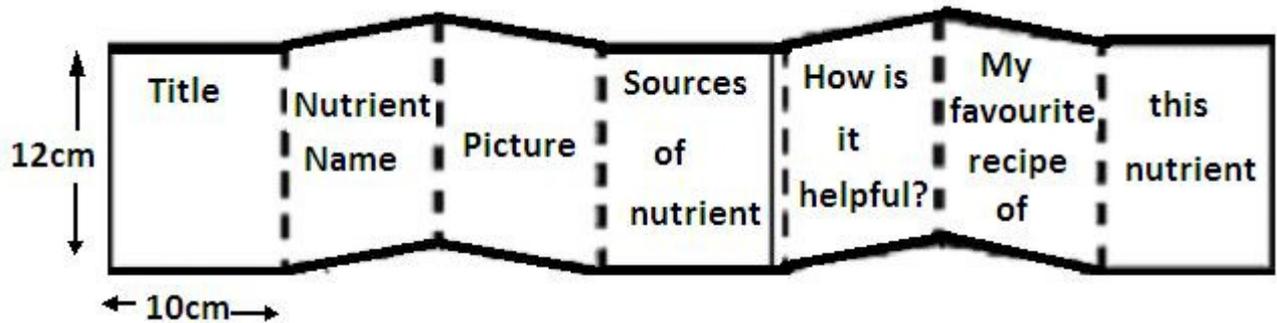

Choose any one fruit you like and think of a unique and interesting heading. The adjective used for the fruit should be with the same first letter as that of the chosen fruit like (The Magical Mango, The Crimson Cherries, The Pulpy Papaya etc.)

Instructions:

1. Activity to be done on a half chart paper of any colour.
2. Make a beautiful border.
3. Write the heading in a beautiful font.
4. Find out the following facts about this fruit and write them down on the chart paper using colourful sketch pens.
 - a) Place or country of origin
 - b) Nutritional value (nutrients present- types of vitamins, minerals, proteins etc.)
 - c) Varieties commonly available
 - d) Recipe of any one dish or drink made by it.
5. Also paste pictures related to the topics as mentioned above. You can also draw some pictures and colour them

2) Food is any substance consumed to provide nutritional support for an organism. Food makes your body work, grow and repair it. It contains essential nutrients, such as carbohydrates, fats, proteins, vitamins, minerals and fibre.

Choose any four nutrients and make a mini foldable booklet for each nutrient with the help of pattern given in the picture.

Each fold of your book should have the size of 12cm X 10cm.

3) Grow a garden in a cup – Take 2 empty ice cream cups. Place thin layers of cottons in both the cups. Place 5 black gram seeds in each cup. Keep watering cup no.1 and do not water cup no.2. Observe and write the observations on pieces of paper and paste them on the cup.

4) Write 10 slogans on “Save Environment”.

5) What do you understand by the term “Flora”? Describe the Flora of India section wise and paste pictures –

Section A: Northern India

Section B: Southern India

Section C: Western India

Section D: Eastern India

MATHS

A.HAPPIEST HOURS OF MYLIFE

Childhood is the golden period of a person’s life. It’s a time for enjoyment, playfulness and

innocence. Also it's the time for explorations, to discover how and where our footsteps on the trail of growth will lead us. Let us find out how many carefree, happy go lucky and wonderful hours you have enjoyed on this Earth! Do this activity in 2 simple steps as given below:

1. Calculate the number of happy hours by the given formula:

$$\text{HAPPY HOURS} = \text{your age in years} \times 365 \text{ days} \times 24 \text{ hours} = \underline{\hspace{2cm}}$$

2. Represent your happy hours (the number obtained), on an A4 size sheet. Remember to draw a border on the A4 sheet before you do the activity. Neatly, using sketch pens of different colours represent the number (your happy hours) in abacus, words, expanded form and place value chart though International System.

B. Go to the super market with your parents and prepare a bill. List down the items and write their price in a booklet. On an A 3 size sheet write the total of your bill in numerals as well as in words. Arrange all the prices of the things that you purchased in an ascending order.

A. You are in the market to buy a box of chocolates which costs Rs. 590. List at least TWO combinations of different denominations amounting to Rs. 590. Refer to one such combination shown below:

D. Playing with numbers:

Using any 3 mobile numbers make 6 digit greatest number and 6 digit smallest number.

Write them in words and in expanded form on a notepad sheet.

E. Make 5 number cards by following the given instructions:-

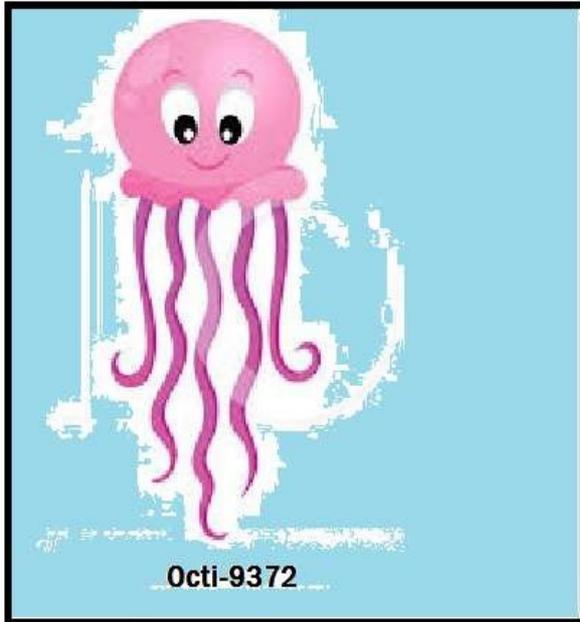

1) Cut 5 squares each of size 15cmx15cm.

2) On side 1 draw a colourful picture or paste a picture of any one sea animal. Write a pet name (of your choice) and a 4 digit number (any number).

3) On side 2 write the 7 number facts (as mentioned in the following example) for the number chosen by you.

For example:- 'Octi' is the name of this octopus and the 4 digit

Number it is given is 9372. Hence 'Octi-9372' is written under its picture.
